Local Boys End Navy Aviation Training Period

Two former local boys were recently graduated from the aviation machinist's mate school at the Naval Air Station, Alameda, Calif., and are awaiting transfer to the fleet, the Navy revealed today.

They are Ralph Albert Ramsey, 20, seaman second class, son of Mr. and Mrs. C. F. Ramsey, 2282 231st st., Lomita, Calif., and William Trujillo, 18, seaman second class, son of Mr. and Mrs. Theodore Trujillo, 1243 Ocean ave., Torrance.

Ramsey was graduated from Narbonne high school in 1941; Trujillo attended Torrance high school. They have been attending the aviation machinist's mate school at the Naval Air Station for the last six months, after receiving preliminary training at Naval Training Station, San Diego.

While at Alameda they learned the fundamentals of maintenance, repair and assembly of all types of aircraft. They will soon be eligible for promotion to the rating of petty officer, with considerable increase in pay.

Bike Auction Sale by Police Should Draw Plenty of Bidders

An auction sale of what Police Chief John Stroh described as "two and one-half bicycles" will be held by the police department at 10 a. m. Saturday, April 18. The "half" bicycle is one that was run over and damaged but has since been repaired by a member of the fire department.

"There's a repair bill of \$7 outstanding against that wheel," Stroh said, "and we've got to get at least that much out of it. The other bikes will go to the highest bidder."

In view of the recent freezing order on sales of new wheels and the tire rationing program, the police chief doesn't anticipate any difficulty in disposing of the bikes.

Weird Tale Told In 'Mad Doctor' Film at Plaza

Atwill is seen as the fugitive doctor who is obsessed with the idea that he can bring people back to life. Miss Merkel and Pendleton have the principal comedy assignments and the romance is furnished by Miss Dodd, blonde musical comedy star, and Davies, handsome screen newcomer.

An eight-team twilight softball league is being formed in Torrance for a series of four games weekly at the Torrance city park diamond starting about May 1 and continuing at least seven weeks.

The schedule will be arranged as soon as all of the clubs have definitely signed to enter, according to Dale Riley, city recreation director, who will manage the series. A number of Torrance industries and business firms have agreed to contribute to the financing of the games in order that they may be staged without admission fees being charged.

Teams definitely entered to late are Columbia Steel, National Supply, Doak Aircraft, Tubercraft and Rotary Club. Several outside ball clubs are interested in entering the tournament. Riley said that a number of industries and firms which do not have enough available players to form teams are contributing to the support of the games.

BIBLE IN LEAD

A book reviewer reports that the Bible is still the best seller of them all and still the most effective in shaping the lives of men and women.

Old Doc rolls no pills capable of coping with the worst of human afflictions, lack of character.
